We are pleased to present this fabulous property that we expect will appeal to anyone with an interest in keeping horses, as it comes with lovely stables for three horses and a license to keep up to 20 horses and has an extra plot of 10,000m² with a building licence in place for a 100m² house with up to four floors and all this is only 299,995€ The location is stunning as you can see from the photos and is brand new and purpose built.

The house is beautifully finished and ready for you to walk in and unpack your suitcases, there is mains water and solar powered electricity.

An extra attic room would make a perfect office.

The owner planned to have a family home built on the adjacent land and run a horse business using the 3 Bed house for guests to stay.
